

New Century Maths 11: General Mathematics (pathway 2) Preliminary Course, 2013, Margaret Willard, Robert Yen, 0170238954, 9780170238953, Cengage Learning Australia, 2013

The new Mathematics General syllabus describes two pathways that start in Year 11. Even though both pathways share a common Preliminary course, students taking each pathway have specific learning needs, so we have published two levels of text for both Years 11 and 12. First published in 2000 and revised in 2009, New Century Maths 11 (Pathway 2) has been revised again for the new Mathematics General course commencing in 2013. This book is produced especially for students who have completed some or all of Stage 5.2 (especially in algebra and trigonometry), and are heading towards an HSC exam, ATAR and university study. This is the more traditional and academic pathway of the updated course. The printed book is supported by an interactive NelsonNetBook version of the text. Students and teachers will have access to a range of useful resources on the password protected NelsonNet website. To download a sample chapter, [Driving safely™](#), click the Download Sample Material button. The corresponding Year 12 text, New Century Maths 12 General Mathematics 2 HSC Course, will be available in mid 2013. Please visit www.newcenturymaths.com.au for updates or contact your local sales representative for more details.
